### Basic Project and Contact Information

---

**BEFORE BEGINNING:** Please read and be familiar with the Utah Children's Outdoor Recreation and Education Program Guide to ensure that your project is eligible for UCORE funding.

**HELPFUL TIP:** We suggest writing your application answers in a word processor outside of the online application. This will allow you to proofread and edit answers more effectively. Using a word processor easily allows you to keep track of the character count in your response, as there are character limits for some questions. This will also help alleviate connection errors and lost work. Lastly, remember to save your work as you fill out the application.

**IMPORTANT:** No application deadline extensions will be granted under any circumstance. All responses are extracted completely (without editing from the OOR staff) for all necessary reporting. Please make sure it is well-written and free of grammar and punctuation errors. Provide any links as the full URL; hyperlinked text from a word document will not be preserved when copying and pasting into the application.

Please make sure to **hover your cursor over the question mark that appears near most questions**. This is "help text" and provides additional information about what your response should include.
