Basic Project and Contact Information

BEFORE BEGINNING: Please read and be familiar with the eligibility requirements, selection process, and reimbursement process outlined in the [2026 UCORE/Outdoor Classroom Program Guide](#). The guide includes a section on the Utah Outdoor Classroom Grants. You may also need this resource as you formulate your responses. If you need additional information, please visit <https://recreation.utah.gov/>

HELPFUL TIP: We suggest writing your application answers in a word processor outside of the online application. This will allow you to proofread and edit answers more effectively. Using a word processor easily allows you to keep track of the character count in your response, as there are character limits for some questions. This will also help alleviate connection errors and lost work. Lastly, remember to save your work as you fill out the application.

IMPORTANT: No application deadline extensions will be granted under any circumstance. All responses are extracted completely (without editing from the DOR staff) for all necessary reporting. Please make sure it is well-written and free of grammar and punctuation errors. Provide any links as the full URL; hyperlinked text from a word document will not be preserved when copying and pasting into the application.

Question: Provide a unique name for the Outdoor Classroom (If the project includes more than one outdoor classroom on the property, the name will cover all of them. E.g. "Jefferson Middle School Outdoor Classrooms")
