Basic Program and Contact Information

BEFORE BEGINNING: Please read and be familiar with the [Utah Children's Outdoor Recreation and Education Program Guide](#) to ensure that your project is eligible for UCORE funding.

HELPFUL TIP: We suggest writing your application answers in a word processor outside of the online application. This will allow you to proofread and edit answers more effectively. Using a word processor easily allows you to keep track of the character count in your response, as there are character limits for some questions. This will also help alleviate connection errors and lost work. Lastly, remember to save your work as you fill out the application.

IMPORTANT: No application deadline extensions will be granted under any circumstance. All responses are extracted completely (without editing from the DOR staff) for all necessary reporting. Please make sure it is well-written and free of grammar and punctuation errors. Provide any links as the full URL; hyperlinked text from a word document will not be preserved when copying and pasting into the application.

Please make sure to **hover your cursor over the question mark that appears near most questions**. This is "help text" and provides additional information about what your response should include.

Funding Request

NOTE: Funding decisions are at the discretion of UCORE subcommittee under the Utah Outdoor Recreation Infrastructure Advisory Committee based on review of the overall budget, timeline and impact of the project. The Utah Children's Outdoor Recreation and Education grant awards applications up to \$15,000.

The Funding Request section will be scored based on how the budget sheet and the application line up, the details provided on the budget sheet and plans for how funding will be used.

Please download and use our budget which you can find [HERE](#). It is a requirement for all applicants to use the provided budget sheet when applying for UCORE. This budget sheet is hosted as a "view only" file on Google Drive, so be sure to download the file or make a copy, otherwise you won't be able to modify and save your changes. **Please rename your budget sheet, including your project name in the title.**

Please make sure to **hover your cursor over the question mark that appears near most questions**. This is "help text" and provides additional information about what your response should include.
